VOLUME CVI.---NO 116. ALEXANDRIA, VA., WEDNESDAY EVENING, MAY 17, 1905. PRICE 2 CENTS.

A rich man died the other day. He died in the very midsummer of life, and he left his family $1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dingy complexion, discolored eye, fluctuations in physical strength, nervousness, sleeplessness despondency. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Silica, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

Pierce's Pleasant Pellets — These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol
Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

STRIKE NEARING END.

Although no facts have as yet transpired to fully warrant the prediction, it is asserted both by members of the Employers' Association and by the conservative element in the ranks of the teamsters that the present strike in Chicago will be called off probably within 24 hours, and certainly by the end of the week.

Chief among the causes which lead to the prediction of a settlement are the firm stand taken yesterday afternoon by Mayor Dunne, when, in conference with President Shea and officials of the local Teamsters' Union, he assured them that any further spread of the strike would certainly make it necessary for him to call for troops, and the arrival of President Samuel Gompers, of the American Federation of Labor, who reached the city yesterday evening.

Although not possessed of executive power in the settlement of the strike, President Gompers declared that he had every hope that its end was not far distant.

"It was my intention to come to Chicago anyway at the end of this week," said Mr. Gompers, "but after holding a conversation over the telephone with Mr. Shea yesterday I decided to come at once. I certainly shall do all in my power to end the strike, and I have great hopes of success."

Early last night, immediately after leaving his train, President Gompers went into conference with President Shea and local officials of the Teamster's Union. This conference lasted until a late hour.

The strike of schoolchildren assumed larger proportions yesterday, when 1,500 pupils of the Graham School refused to enter the building. According to school officials, no "unfair" coal has been delivered at the Graham School. The authorities declared that there was no apparent reason for the strike.

Pupils of the Fallon public school also went on "strike" yesterday when two loads of coal from the Peabody Coal Company were delivered at the building. The pupils stood at a distance from the nonunion teamsters and jeered at them. Several policemen were sent to the school to maintain order.

At a meeting of the board of education held yesterday evening, warrants were sworn out for eight boys who have been leaders in the strikes at the schools in sympathy with the strike of the teamsters. The threat of arrest of parents whose children did not attend school, had the effect of settling three of the strikes of yesterday, and a normal attendance of pupils is expected today.

Mosaic Law Not Binding.

That the law of Moses, under which thousands of Hebrew persons have been married is not binding in America was decided yesterday in the Essex Market Court, in New York, when Mrs. Peppi Schlosser had her husband, Samuel Schlosser, arraigned before Magistrate Barlow on a charge of desertion.

A point to this effect was raised Monday by Hyman Rosenschein, a lawyer, when he appeared in a similar case, but the decision was against him, and the lawyer served the magistrate with notice of an appeal.

When the Schlosser case was called yesterday Leon Koripsky, representing the Austrian Consul, appeared and, quoting from several books he had with him, explained fully the relation of the Hebrew law to marriages in Austria and some other countries. The marriage of a couple by a rabbi, he said, did not hold unless a civil ceremony was afterward performed. Eighty per cent. of the Hebrew people, he said, had been married under the law of Moses, but the ceremony performed only by a rabbi was not binding. The statute of Moses, he declared, had been outlawed centuries ago.

Mrs. Schlosser said she was married six years ago in Limburg, Austria, by her uncle, a rabbi. Her husband deserted her two years ago in Manchester, England. She came to this country in the early part of last month, and three days ago she found her husband on Ridge street and had him arrested.

Lawyer Rosenchein, with Mr. Koripsky, appeared for the defendant and Magistrate Barlow, after hearing argument, dismissed the complaint.

Killed His Godmother.

Walking up to Patrolman Dacey on the street at Detroit, at noon yesterday, Frank Lesner, aged 26, a native of Trenton, told him that he had murdered his godmother, Mrs. Michael Hammernick, in her home, at Trenton Monday night and inquired the way to the station, where he could take a train back to his work in the Asylum for Criminal Insane at Iona. Lesner, who is evidently mentally irresponsible, told the officer that Mrs. Hammernick had bewitched him and his whole family, and for that reason he had come from Iona for the express purpose of killing her. Mrs. Hammernick was found dead in her bed by her husband Monday evening when he returned to their home, in Trenton, from a neighbor's. There were five bullet wounds in her body and her head was crushed by a blow from a chair.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store, 25c.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

(Sold only in 1 lb. packages. Lion-head on every package.)

How to Ward Off Old Age

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Gibson and Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Atcheson (Kan.) Globe: "Joe Tuck, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, MAY 17, 1905.

THE ORDER of the Panama Canal Commission, by which all material and ships to be used in the construction of the Panama canal are to be purchased in the cheapest market, whether that market be at home or abroad, has opened the eyes of the people to the facts which the republican party has been attempting to suppress for a third of a century. The matter was not discussed at the Cabinet meeting yesterday. No member of the Cabinet would make any comment on the action of Mr. Roosevelt and the Secretary of War, although several of them conceded privately that the action of the commission would precipitate a tariff discussion as soon as Congress met, and that the government's embarkation in the transportation business by buying ships and running them and by running a railroad across the istmus would eventually cause the republican party much trouble because it would, if successful, seem to place the endorsement of the federal government upon the problem of government ownership of railroads and steamships. The statement was made at the President's direction and has been given the widest publicity. Secretary Shaw is known to regard the announcement of this policy as an assault on the principle of protection, and "in the house of its friends." The announcement is likely to bring in a flood of protests from American manufacturers who have contributed liberally to the republican campaign fund. The action is regarded in some quarters as a very frank notice to these manufacturers that they must come down in their prices. All sorts of apologies have been made for high tariff and trusts, but the object lesson the President has cast upon the screen is simply incontrovertible.

MR. JAMES R. CATON in yesterday's Gazette announced his withdrawal from the race for Lieutenant Governor of the State. He gave his reasons for this action in his card. Mr. Caton deferred announcing his candidacy until he had been led to believe that Mr. J. Taylor Ellyson would not be a candidate. The latter, however, for reasons best known to himself, later concluded to enter the contest. Mr. Caton had in the meantime been untiring in his canvass, and throughout the State had received many flattering assurances of support; but, like many other good democrats, realizing Mr. Ellyson's services for the party, and suffering as he is from impaired health, he has concluded to abandon the field. Mr. Caton has during late years represented this city and county in the Legislature, and has been untiring in his work for the good of his constituents and State, and while his fellow citizens would have rejoiced with him in his elevation to the position of Lieutenant Governor, they would also have felt his loss as a Delegate. He will, like many others, await his time with patience. He is now a familiar figure in Virginia politics, and the time may come when the people of the Old Dominion, appreciating his ability, will move him higher up on the political ladder. In the meanwhile his Alexandria city and county constituents hope that he may be induced to again represent them in the House of Delegates. It is believed that should he announce himself for re-election for the position which he has so efficiently held for the past years he would have a clear field.

SENSATIONAL preachers have found a friend in Bishop Henry Spellmyer, of Cincinnati, who recently said:

I care not what method you use, so you save souls. Since I have come to Cincinnati I have found that there are some unusual methods in vogue here. But it's all right so long as those methods are successful. Any method is all right if you save souls by it. If a man will come to hear the Gospel when the preacher wears a red coat, by all means discard the black coat and wear the red one. I want to say here that with all the authority that is vested in me you will have my support for any method, sensational though it may be, so long as it brings soul's into God's kingdom.

The Bishop may mean well, but that any lasting good follows acrobatic and sensational preaching has long been a mooted question among the observant. Such procedures tend rather to cheapen the profession in the eyes the world.

BEFORE the Senate committee on interstate commerce, which is investigating railroad rates, President George R. Robbins, of the Armour Car Lines Company, yesterday, in Washington, admitted that the company had 20 or 30 exclusive contracts with railroads for fruit-transportation business, and acknowledged a monopoly of that traffic in parts of the West and South. Wherever these exclusive contracts applied, he admitted, the producers and shippers of fruit had to accept the rates laid down by the Armours. He claimed that his company was a private one, and, therefore, not subject to the interstate commerce laws. After such admissions is it strange that so many people are demanding that legislation should be enacted to regulate the railroads?

A BRONZE statue erected in Memphis, Tenn., to the memory of Lieut. Gen. Nathan B. Forrest was unveiled yesterday, Gen. George Gordon delivering the oration. Gen. Forrest was one of the geniuses developed by the civil war. Comparatively unlettered and entering the army as a minor officer he soon became one of the South's greatest, most original and dazzling soldiers. In his address at the dedication of the monument Gen. Gordon said:

His natural endowments, both physical and mental, were extraordinary. He began his military career at the age of 40, the same age at which Caesar began his conquest of the nation, and, like the great Roman, he never lost a battle. He was one of the world's few commanders who could personally engage in the combat and at the same time direct the action of his men. He accomplished more with the resources at his command than any commander developed by the war—at the same time displaying more personal prowess than any, and thereby establishing a greater claim than any to be called 'the American Mars.'"

NAN PATTERSON, it is now said, has accepted a position with a theatrical troupe and will go upon the stage. It is the old story. "When the devil was sick the devil a monk would be; when the devil was well, the devil a monk was he." When Miss Patterson was being tried for murder it was said that upon her release she would devote the remainder of her life in an endeavor to raise fallen women, &c. But then Miss Patterson was in prison. Still, what can be said of a people whose morbid curiosity or unnatural sentimentality, to put it mildly, encourage women like Miss Patterson to such an extent that theatrical managers feel justified in paying them big salaries to parade their sins—for certainly Miss Patterson's were grave and numerous. Are not the people themselves to blame for thus placing a premium upon offenses committed against the laws of God and man?

The tenth annual gathering of the National Association of Manufacturers of the United States, representing more than three-quarters of the thirteen billions of invested capital of this country, assembled in the Grand Opera House at Atlanta, yesterday. The subjects of discussion during the three days' sessions include interstate commerce and reciprocity. President D. M. Parry, of Indianapolis, made an address which was taken up largely with the consideration of the labor question, interstate commerce legislation, reciprocity and what he declared to be a strong tendency toward socialism. In the first portion of his remarks he made an appeal for the maintenance of individual and property rights, laid down by the constitution of the country. Mr. Parry favored the non-partisan organization of the substantial and law-abiding citizenship in order that they may exercise their proper influence in public affairs and counteract the work of the socialist and demagogue.

An hostile fleet under the command of Rear-Admiral Francis W. Dickens, on June 11, will attempt to force an entrance to Chesapeake bay and attack the cities of Washington and Baltimore. For the first time since the civil war the defenses of the capital city are to be thoroughly tested under conditions of the greatest secrecy and it is expected that as a result many important changes in the fortification of Chesapeake bay and the Potomac river will be made. The attacking force, its plans and operations, will be under the command of Rear-Admiral Dickens, who has not reported to the Navy Department what his strategy will be or any of the details of his plan to take his fleet past the powerful forts guarding Chesapeake bay up the Potomac river. With his powerful fleet Rear-Admiral Dickens is expected, if possible, to steal by the watchful eyes of the gunners at Fort Monroe and proceed either to Baltimore or up the Potomac to attack Washington.

John G. Coolidge, U. S. charge d'affaires at Pekein, China, cables the State Department this morning that the reported landing of Germans near Hai Chu now seems to have been merely in the nature of a surveying party. He say that the whole affair is largely a matter of Chinese rumor.

The conference of State and provincial board of health adjourned its twentieth meeting at noon today after electing officers. Dr. Richard H. Lewis, of Raleigh, N. C., is president.

An official summary of the appropriations made at the last session of Congress prepared by Chiefs Clerks Cleaves and Courts, of the Senate and House committees on appropriations respectively, shows a grand total of $820,184,634, 96, besides contracts authorized requiring future appropriations in the sum of $26,770,057.63. A comparison with the appropriations of the preceeding session shows an increase of $39,012,259 78. New offices and employments authorized amount to 8,658 in number, involving annual compensation of $5,444,572.

Two dispatches from Mr. Bowen sent to the State Department by him while he was Minister at Caracas and relating to Mr. Loomis' alleged connection with some companies doing business in Venezuela together with correspondence which passed on the subject of those companies between President Castro and Loomis have been mislaid. These dispatches are said to have an important hearing on the Venezuelan affairs, and a close search is being made for them.

Members of the Patterson family this morning confirmed the stories of a $2,000 a week theatrical contract signed by Nan with a firm of Music Hall proprietors. She is to shine as a star by leading six girls in a Florodora dance especially composed for her.

The "standpatters" of the republican party and the high chiefs of the organization in the great manufacturing States are joining in a howl of indignant protest against the plan of Secretary Taft to purchase supplies for the Panama canal in foreign markets whenever such articles can be bought cheaper than at home. "It is a step towards socialism," shouts one; "Taft is a free trader," cries another; "It will give the country to the democrats," exclaims a third; and one and all are joining in a demand upon the President to "call off" the obnoxious programme and declare for the salvation of the party that every dollar's worth of material must be of American goods made in American shops. "The people of the United States must pay for the canal with their own money," said a cabinet officer this morning, "and, they are not going to stand for the expenditure of that money abroad. Suppose the prices in the American markets are a little higher than they are abroad, what of it? Taft's defense of the move is that he wishes to force Congress to pass a law directing the purchase of supplies at home. That sounds all right at first blush, but let us look at the effect of the scheme. Several millions of dollars' worth of materials must be purchased before Congress meets, and while these foreign purchases are being made the soreness throughout the country will continue to grow. The enemies of the republican party and of the President will stir up the laboring classes to a high pitch of disgruntlement long before the convening of Congress. When Congress finally gets hold of the matter the country will be pretty well stirred up, and if the much needed law is then passed it will look to a man up a tree as if the Administration had been 'turned down' by his own party." It is charged by the standpatters that the Taft plan was sanctioned by the President after little or no consideration of its possible consequences.

Representative Davis of Minnesota, who talked with the President this morning on rate legislation and tariff matters, is authority for the statement that the Chief Magistrate will push both subjects before Congress. "The President has not receded one step from his stand on either tariff readjustment or rate legislation," said Mr. Davis. "The Senate Committee on Interstate Commerce cannot run the country and if they do not prepare a bill that means something the President will use his influence to have one prepared that will carry out his ideas of justice to the shippers both large and small."

Dr. Jacob H. Hollender, the special agent sent to Santo Domingo by the President to investigate the financial condition of the country and the solidity of the existing government, had a consultation with the President this morning. Later in the day Dr. Hollender returned and had lunch with the President when the discussion was resumed. He said; "There is not a hint of trouble down there now, and as every one seems so well satisfied with the programme that is being carried out, there seems to be no reason why the pleasant state of affairs should not continue."

CONSECRATED BY BISHOP GIBSON.

Christ Protestant Episcopal Church, the large and handsome new stone house of worship erected at Charlottesville, to replace the old church, the plans of which were drawn by Thomas Jefferson, while he was a member of the vestry, was consecrated yesterday morning, on the eve of the one hundred and tenth annual session of the Episcopal Council of Virginia.

The services began at 11:40 o'clock and were led by Right Rev. R. A. Gibson. bishop of the diocese, assisted by Rev. H. B. Lee, rector of Christ Church; Rev. Robb White, of Staaardsville, Va., Rev. W. H. McGee, of Albermarle, and Rev. H. H. Williams, of Charlottesville.

There were present at the exercises many of the leading clergy of the diocese of Virginia.

The consecration sermon was preached by Rev. H. B. Lee, jr., of St. Thomas's Church, Baltimore, son of the rector of Christ Church.

Yesterday evening was given up to the confirmation service, which was held with Revs. H. B. Lee, W. H. McGee and H. H. Williams taking the service, and a sermon and a charge by Rt. Rev. R. A. Gibson, bishop of the diocese. The class confirmed numbered 28, bringing the total number of communicants up to 472.

The new edifice, which is tasteful and ecclesiastical, was designed by McDonald, of Louisville, Ky., and was erected at a cost of $40,000. It includes a main auditorium, with a seating capacity of 800; organ loft and choir-room, a Sunday-school room, with a seating capacity of 200; a spacious chapel-house for the Brotherhood of St. Andrew, vestry-room, study, library and two guild-rooms for the use of the various societies. The first subscription for the new building, taken during the rectorship of Dr. J. S. Hanckel, was $5,000, and the balance of the money was raised by the present rector, Rev. Harry B. Lee.

The old church was torn down in August, 1895, and in October of the same year the cornerstone of the new structure was laid with Masonic ceremonies, Judge R. T. W. Duke presiding.

Mr. Lee for Speaker.

Mr. Robert E. Lee, jr., of Fairfax has authorized the announcement of his candidacy for speaker of the House of Delegates. He is the grandson of the famous leader of the Confederate armies, and was born during the war while his father Gen. W. H. F. Lee, was at the front. He is one of the most popular men in Virginia, and has a strong hold upon the affections of his fellow-members in the House. He is a man of fine physique and splendid ability. Mr. Lee lives at Ravensworth, the old Lee home, in Fairfax county.

Mr. Lee is now serving his second term in the House, is a member of the important committees on the judiciary and privileges and elections and has often presided with ability over the House. He is an able lawyer and a speaker of force and ability. There are few men in the House more popular than Mr. Lee and his friends are not confined to any particular faction of the party or of the State. Since the retirement of Mr. Samuel L. Kelly, of Richmond from the race, the chief competitor of Mr. Lee will be Mr. W. D. Cardwell, of Hanover. Other names have been mentioned, but these are the only avowed aspirants.

A Good Suggestion.

Mrs. C. B. Wainwright of Lemon City, Fla., has written the manufactures that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Gibson & Timberman and W. F. Creighton & Co.

Today's Telegraphic News

Fourth Baltic Fleet.

Cronstadt, Russia, May 17.—Vice Admiral Bireleff, who is commander-in-chief of the Russian fleets in Baltic ports, has issued an order to the commanders of the vessels which will comprise the fourth Baltic squadron, to be ready to sail for the far East on June 14. The main ships of the new squadron, it is expected, will consist of two new battleships, two cruisers, a torpedo cruiser and a gunboat. There will also be several minor vessels. The admiralty is placing a great deal of reliance on the new squadron. The officials believe that even if Rojestvensky should be defeated in the expected conflict with Admiral Togo he will be able to inflict so much damage on the Japanese that the fourth squadron will be strong enough to give Russia the balance of power on the sea in the far East.

To Limit Freedom of the Press.

St. Petersburg, May 17.—Further steps to limit the freedom of the press, which already has been under the strictest censorship, have been taken by the government. The latest rule adopted gives the Minister of the Interior the right to suppress any newspaper. The only stipulation made on the minister is that he must inform the Senate of any action of this kind taken against a paper. By means of this new ruling, it will be possible for the government to put out of circulation any paper that dares to print accounts of disturbances in different parts of the country, which the government wishes suppressed, or publish any articles derogatory to the government.

Important Events Anticipated.

Birmingham, Eng., May 17.—The Post says that important developments may be expected in China in the near future. The Chinese army under the command of General Ma, which has been occupying a position on the Manchurian frontier since the beginning of the war and threatening the Russians in case they should violate China's neutrality by crossing the border has withdrawn into the interior. This is taken as an indication that China believes her frontier is no longer threatened and the Post believes that important developments are certain to follow the withdrawal from the front.

Blames Disasters on Grand Dukes.

Manchester, Eng., May 17.—According to the Dispatch a letter from the Czarina, written to a friend in Darmstadt, Germany, has fallen into the hands of German officials. In the letter the Czarina blames the Grand Dukes for the disasters which have overtaken Russia. She also bitterly criticises the action of Germany in endeavoring to profit by the misfortunes of her neighbor. The Kaiser is said to have read the letter and much unpleasantness has been caused between the two courts, as a result of the free expression of opinion by the Czarina.

General Sokolovsky's Condition.

Ufa, Russia, May 17.—The condition of General Sokolovsky, governor of the province of Ufa, who was shot yesterday during an entertainment in municipal gardens, is regarded as dangerous. Several shots were fired by the would-be assassin, who made his escape and has not been apprehended. The shooting of General Sokolvsky is the second crime of the kind to be committed in Ufa, within two years. His predecessor, Gen. Bogdanovitch having been assassinated on May 19th, 1903.

Admiral Rojestvensky's Fleet.

Hong Kong, May 17.—Admiral Rojestvensky's fleet left Hon Kohe bay on the Annam coast on Sunday. This report was made by the German steamer Wonghoi, which arrived here today. The Wonghoi passed Hon Kohe bay on Monday morning, and saw the Baltic fleet, numbering fifty vessels, leaving the bay. The captain of the Wonghoi gave exact details as to the positions of the different vessels in the fleet and says that the flagship dipped her flag in salute to the Wonghoi.

Americans in Siberia.

St. Petersburg, May 17.—The admission of Americans to the frontier district of Siberia, which has been refused hitherto, and the granting of certain privileges to them which have always been denied, may follow the agitation of the subject which is now going on. The Department of Mining to which many appeals have been made is now considering the matter and it is believed that the announcement of a new policy granting liberal privileges to Americans in the regions will follow.

Cunarder Aground.

Sandy Hook, N. J., May 17.—The Cunard steamer Caronia, which went aground on the north side of the main channel near Flynn's Knoll, during the dense fog yesterday afternoon when she tried to find her way out through the channel, was still aground this morning. The wrecking tug I. G. Merritt, and the tug William P. Taylor made efforts to pull the big liner from her position, but were unsuccessful, and were obliged to give up the attempt when the tide began lowering this morning. It is believed now the vessel will have to be lightered off some before she can be gotten off. No apprehensions are felt for the ship's safety as she lies on a sand bottom.

Disappearance of Little Girl.

New York, May 17.—The police have sent out a general alarm for Irene Helen Thurston, a pretty three-year-old baby, who is believed to have been kidnapped. Mrs. Nellie Hayes, a friend of the Thurston family, called yesterday morning and said she was about to sail for England. Mrs. Hayes was very fond of Irene and begged Mrs. Thurston to give her permission to take the child for a walk, the last she could have with her. Mrs. Thurston granted the request. Mrs. Hayes went away with the child and since then the couple have disappeared. Mr. and Mrs. Thurston are distracted over the disappearance of the child.

Explosion at Powder Mill.

Wilkesbarre, Pa., May 17—One of the buildings of the Oliver Powder Company, at Laurel Run, blew up at 8 o'clock this morning, causing a damage of several thousand dollars. The explosion occurred in the mixer and set fire to the powder press in an adjoining building, which was also consumed. None of the employes was injured, although several were thrown to the ground and had narrow escapes.

The Market.

Georgetown, May 17.—Wheat 90a93.

The Kaiser's Cup Race.

Navesink Highlands, N. J., May 17. The Kaiser's cup race, from the Sandy Hook light vessel to the Lizard, England, will start at noon today. The heavy fog and mist which prevented the yachts from being sent off yesterday on their long journey of 3,000 miles was dispelled during the night, the conditions, too, for a lively start were bright. The first part of the race for England's shores will be a beat to windward. A fine eight knot wholesail breeze came out of the east by northeast this morning. Only on the far horizon was there a curtain of mist. The angry sea of last night had flattered down and wind and water conditions were excellent for a start. It was just the day that the skippers of the fore-and-aft rigged vessels were looking for and just the sort of a day to make the hearts of the skippers of the square rigged ships heavy with disgust. With the fair breeze and smooth seas the yawl Ailsa was most happily suited, and the old salts at the Hook declared that if the present conditions continue she would have a fine lead by night fall. The excursion fleet was off the Hook by ten o'clock and followed the racers out to the light ship. The disappointment of yesterday's postponement and the cold bleak air did not seem to cool the enthusiasm of spectators on the excursion craft. The wind at 10:30 was a trifle north of east and breezing at ten knots an hour. There was rolling sea. Sandy Hook light ship was obscured in an off-shore fog and the news of the start will probably be brought in by tugs.

Sandy Hook, May 17.—A tug just arrived at Sandy Hook reported that the yachts were sent away at 12:15. They crossed the line in the following order: Ailsa, first; Thistle, second; Atlantic, third; Hamburg, fourth; Hildegrade, fifth; Endymion, sixth; Fleur de Lys, seventh; Sunbeam, eighth; Apache, ninth; Etowana, tenth; Valhalla, eleventh.

The Chicago Strike.

Chicago, May 17.—Prospects for the end of the teamsters strike have grown brighter with the arrival of President Gompers of the American Federation of Labor. It is said, he comes with a distinct plan for bringing to a speedy close the hostilities of the last six weeks. Until the ardor of the school children has cooled, no more deliveries of "non-union" coal will be made to the public school buildings unless absolutely necessary.

A drizzling rain early in the day, but threatening clouds with cold winds and slippery sidewalks, hampered the ardor of the strike sympathizers and no violence was indulged in up to noon.

Sailed for Europe.

New York, May 17.—Mrs. Caesar Young, widow of the bookmaker who met his death mysteriously in a cab, sailed today for Europe on the steamer Majestic. John Millin, former Young's partner, and Mrs. Young's mother were also passengers. It was reported that the couple had been married and were sailing on their honeymoon, but this was denied later by Mrs. Bernard S. McKeon, sister of Mrs. Young. She said Mrs. Young was going to Europe for rest after the terrible strain she had been under for a year.

Remains of Herbert V. Croker.

New York, May 17.—The remains of Herbert V. Croker who died suddenly on a train at Newton, Kansas, arrived here this morning. The body was at once taken to the family residence at No. 5 east 74th street where it will remain until the funeral ceremony is held. Mrs. Croker, who was prostrated by her son's death, has not yet recovered from the shock and is in an extremely nervous condition.

The Insurrection in Arabia.

Constantinople, May 17.—Another effort will be made to crush the insurrection in Arabia and a fresh force which it is expected will be strong enough to cope with the rebellious natives has been dispatched to the scene of the disorders.

The Nan Patterson Case.

New York, May 17.—District Attorney Jerome and Assistant Attorney Rand both refused today to either deny or affirm a statement current that the District Attorney intended to put Nan Patterson on trial for the fourth time.

Steamer Struck a Mine.

Tokio, May 17. The steamer Chuyetmaru, while on her way to Niuchwang struck a mine near the Miao islands in the Gulf of Pechili, on May 14. The vessel was beached on Elliott island.

New York Stock Market.

New York, May 17.—Practically all the trading interests on the exchange during the first hour were either centered in St. Paul or followed the movements of that stock. The room was full of stories in which the names of the St. Paul and the Northern Pacific roads were linked. It was intimated by some heavy buyers that important developments might follow the annual meeting of Northern Pacific stockholders tomorrow. After the first hour the market reacted fractionally on small sales.

TELEGRAPHIC BREVITIES.

A great fire which broke out at Friesenven, Holland, today destroyed two hundred houses, and two churches.

A general strike of starchers is now on in all the factories of Troy, N. Y., that have their own laundries. They are eight in number. Trouble is over wages.

The British steamer Lincluden was seized on Monday south of Corea. On the same day the Japanese also captured the French steamer Quang Naim, near the Pescadores islands.

Fooled in her desperate attempt to poison her father-in-law and two sons, Mrs. Kate Shannon, aged 34, of Baltimore attempted suicide early this morning by taking carbolic acid. She will probably die.

A telegram of the Reuter Telegram Company, at Paris, from London, affirms the report that 300 Germans landed at Haichu, China, on May 12. Despite the denials that have been made, the dispatch says that the Germans hosted the German flag, and saluted it.

At this morning's session, in Atlanta, Ga., of the National Association of Manufacturers, E. I. Foss, of Massachusetts, spoke on reciprocity. He favored it and the sentiment received the endorsement of the manufacturers. Samuel Spencer, President of the Southern Railway, spoke on the subject of railway legislation. A resolution favoring the general adoption of open shop received a unanimous rising vote. Secretary of Commerce and Labor Metcalf will speak tomorrow.

To Reappear on the Stage.

Nan Patterson made a flying trip to Philadelphia yesterday and within 10 minutes after reaching the Hotel Walton she had signed a contract that calls her again before the footlights, which she left after meeting with Caesar Young.

Nan still has the horror of the ordeals upon her, for she displayed positive terror when asked to get into a hansom, and insisted that a carriage be called.

"I will never ride in one of those things again," she said. It will be remembered that it was in a hansom cab that Caesar Young met his death.

Nan was in fine spirits when she reached Philadelphia. Her father had rallied, and this worry was off her mind.

When seen after luncheon she said. "I was in hopes that I would not have to return to the stage, but I realize that I must do something. I am a poor girl, and Daddie is broken in health and won't be able to work for a long while. I long for a quiet life at home, but it is a question of earning a living, and I cannot go into an office. Beyond the immediate future I have no plans, and will leave the stage again as soon as I can. I have been cured of my love for the stage, and would warn every girl to do anything rather than go into the chorus. I have had several mail offers of marriage. They are foolish. I do not wish to marry. I was surprised to read about Justice Davis saying over in New York that everyone must think that I shot Caesar Young. I think it was wrong of the judge to say what he did when the majority of both juries were on my side. I can only reply what I have said over and over again, and what is the truth, that I never took that revolver into the cab with Mr. Young, and I never, never killed him."

The contract which Nan signed was with Hurtig & Seamon, of the Harlem Music Hall. It is announced that she will received $2,000 a week and appear in an act at the head of six other girls.

To Tunnel the Blue Ridge.

A dispatch from Hagerstown, Md., says that surveyors in charge of a skilled engineer are making surveys for a tunnel through the Blue Ridge Mountains for the Wabash Railroad's fast passenger and heavy freight trains. Members of the survey corps are now at work in the vicinity of Blue Ridge Summit. While several initiatory surveys have already been made for such a piece of railroading, the one now in progress will be the most complete and exhaustive of any yet undertaken. The purpose of the proposed tunnel is to avoid the big grades that make it impossible to haul heavy freight trains over the mountains or to make fast time with passenger trains.

To overcome this the railroad company will start a line at the base of the mountain in the vicinity of Smithsburg and build northeast toward Rouzerville, and then through Germantown Gap to the point where it is necessary to begin tunneling. A former survey made the tunnel pass directly under Monterey Inn. The lines of the survey now in progress run directly beneath Buena Vista Springs Hotel. The surveys now being made will determine the route.

A prominent railroad man stated that he understood the contractors now engaged on the line between Big Pool and Cumberland would be asked to bid on the proposed tunnel work. The impression prevails here that the work of digging the tunnel will begin as soon as the connecting link is completed.

Major Myers's Successor.

Judge J. W. Leake, of Richmond, of the law firm of Leake & Carter, general counsel for the Richmond, Fredericksburg and Potomac Railroad and the Washington Southern, and also a member of the board of directors, was elected temporary president by the board in session in Washington Monday evening. He was appointed to act during the interim before the stockholders' meeting in November. Judge Leake will take up the business of the office at once, and says he will endeavor to carry out the policies laid down by the late president, Major E. D. T. Myers.

The Washington Southern has not acted in the matter, but will confirm Judge Leake's appointment as soon as the board can be called together. Judge Leake has long been connected with the affairs of the railroad. It is not known whether he will be permanently elected by the stockholders.

Vigilance Committee.

Staid citizens, bankers and farmers and the lesser population of Wellsburg, W. Va., and environs are organizing a vigilance committee with powers to do business just as effectively as the California organizations in gold-fever days. The committee will patrol the district night after night determined to shoot down suspicious characters. For four months the more secluded streets have been scenes of murderous assaults on men and women, for purposes of robbery, but the fatal assault on City Clerk Carl K. Jacobs last Saturday night produced the vigilance committee idea. Merchants and manufacturers have been the especial objects of prey, and the committee, which is now forming, has declared itself. No mercy will be shown, and members will shoot to kill.

The Great Council of Red Men of the State will kindle its coucil fire in Petersburg today and tomorrow.

Officers were today elected for the ensuing year by the American Association of Physicians. Dr. Frank Billings, of Chicago, is president.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Strike of Millworkers.

For more than three hours last night the Millworkers' Local No. 1103, of Washington, discussed their differences with the Lumber Exchange, which led to a walk-out yesterday, and agreed to stand pat. A demand has been made for an increase in wages. The developments within the next two days may determine the question of a general tie-up in the building trades in Washington, as the mill workers are backed up, it is said, by the structural building trades. Some firms employing mill workers have acceded to the request for the increase in wages. Eleven lumber and planing mills in Washington are affected by the action of the mill workers, and yesterday not a piece of machinery in these places was running. The number of men who dropped their tools and walked out is estimated at 300. The present scale of wages runs from $1.50 to $3 per day. On the 1st of last March the union submitted to Joseph L. Crupper, of this city, a member of the Lumber Exchange, a wage scale and rules and regulations for the use of the label of the United Brotherhood of Carpenters and Joiners of America, with which the mill workers are affiliated. The rules provided that all inside door and window frames be milled and put together in union shops. No stock work except that specified in the rules could be handled, and that mill operators be granted until July 1, 1905, to work off all stock on hand at the present time. Those rules and regulations, with the wage scale said, were subsubmitted to the Lumber Exchange and referred to the special committee. The report of this committee was adopted. The report set forth that the condition already imposed, and not imposed in other cities, had reduced profits to the point where further curtailment meant prohibition of the business in Washington. The Lumber Exchange declined to yield to the demands of the union. The union then withdrew part of its demands but insisted on the wage scale, which was refused by the Lumber Exchange because it would not operate equitably. The members of the exchange reserved the right to pay according to the capabilities of the men employed. The mill owners, it was stated last night, have declared for the open shop.

Medical Society Organized.

A meeting of the Medical Society of Northern Virginia was organized today. The meeting was held at the New Hotel Rammel. The following officers were elected to hold office for the year next ensuing: President, R. M. Slaughter, M. D., of Theological Seminary; Dr. M. W. O'Brien, of Alexandria, and Dr. G. T. Vaughan, of Washington, vice presidents; A. A. Rittenour, of Alexandria, secretary and treasurer. There were present: Dr. W. P. Malone, Dr. G. T. Vaughan, Dr. Hicks, of Warren; Dr. F. M. Brookes, of Swetnam, Fairfax county; Drs. Smallwood and T. C. Quick, of Falls Church; Dr. R. A. Wine, of Brentsville; Dr. Russell, of Herndon; Dr. M. W. O'Brien, Dr. A Snowden. Dr. T. M. Jones, Dr. H. McGuire, Dr. S. R. Donohoe, Dr. S. B. Moore, and Dr. M. D. Dulaney, of Alexandria; Dr. H. C. Corbett, of Arlington, and Dr. F. E. Bishop, of Washington. The next meeting of the society will be held in this city in November.

River Notes.

As has heretofore been stated, the new steamer Pocahontas, recently secured by Capt. E. S. Randall for service on the river this summer, will be brought to the Potomac from Norfolk May 27, and will at once go into service. The steamer will take up her excursion route to Colonial Beach on the afternoon of the day she arrives in Washington. She is licensed to carry 1,500 passengers.

The schooner George C. A. Travers is being loaded with plaster by the Bryant Fertilizer Company for Norfolk.

The schooner Raymond, from Warsaw, is unloading lumber at Smoot & Co.'s wharf.

W. S. Moore's Sons have completed repairs to the Baltimore tugboat Pickwick.

Educational.

Exercises, under the auspices of the State Board of Education of Virginia, will be held at Mount Vernon Aveuue School, Del Ray, beginning at 10 o'clock Friday, May 19th. Several prominent educators and speakers will be present, among them Mr. Thos. Nelson Page, who will make an address during the morning session. The schools of the county have attained a high degree of excellence under the superintendency of Mr. Jas. E. Clements, and there will be a full exhibition of work done by them, from the primary grades to the eighth grade Latin classes. Vocal music, drawing and painting are taught and specimens of work in these special branches may be examined by those interested in educational work.

Democratic Committee.

An adjourned meeting of the city democratic committee will be held tonight at the Hotel Fleischmann for the purpose of making the final arrangements for the primary election for city officers to be held on the 29th instant. The candidates for the different positions have been requested to attend this meeting and pay their respective assessments to defray the cost of the primary. The time for candidates to file their names with the desk of the committee expired at 12 o'clock today, up to which time no names except those heretofore published in the Gazette had been added, except candidates for magistrates and constables in the several wards and inspector of lumber and measurer of wood and bark.

Committee Meeting.

The committee on light met last night and accepted the bid of Warner Bros. & Co., of Boston, with office in Washington, of $1.50 per barrel for the entire output of tar of the gas works. The committee deferred action on the bids for furnishing the works with gas coal.

The regular monthly meeting of the Board of Police Commissioners will be held tonight.

Wedding.

As anticipated in yesterday's Gazette, the handsome residence of Mr. and Mrs. John A. Marshall was the scene of a pretty wedding at 8 o'clock last night, when their daughter, Miss India Barker Marshall, became the bride of Mr. Cornelius Haggarty, jr., of Philadelphia. The ceremony was performed in the west parlor, the officiating clergyman, Rev. Father H. J. Cutler, and the bride and groom standing in a large bay-window. The room was profusely decorated with palms, potted plants, and white roses. The wedding march was played by a string orchestra screened by a bank of palms and other plants. The bride wore a handsome princess gown of white lace built over white chiffon and taffeta and carried a shower bouquet of white carnations and sweet peas. Her tulle veil was entwined with orange blossoms. Her only attendant was her sister, Miss Daisy Marshall, who wore a beautiful gown of white embroidered chiffon and carried a bouquet of pink carnations. The groom's best man was his law partner, Mr. John M. Patterson, assistant district attorney of Philadelphia. The ceremony was witnessed only by the members of the families and a few intimate friends, several of whom were from a distance. After the wedding supper was served in the dining-room, which was lavishly decorated with cut flowers, white roses predominating here, as in the parlor and library. Late last night Mr. and Mrs. Haggarty left for the north to spend their honeymoon.

Personal.

Mr. and Mrs. Williard P. Graves have issued invitations for the wedding of their daughter, Miss Asenatha Moore Graves and Mr. George A. Chadwick which is to take place at their home on south Fairfax street on Monday evening, May 29, at 8 o'clock.

Maj. Robert W. Hunter is in Washington, stopping with Senator Daniel. He is a candidate for the vacancy in the War Department, created by the appointment of Gen. Lomax on the Gettysburg Commission and his many friends in this city hope he may secure the position which he is in every way competent to fill.

Mr. Corneilus Haggerty, jr., Mr. and Mrs. Corneilus Haggerty, sr., Misses Helen and Agnes Haggerty, Messrs. Alfred, Leo, Daniel and Richard Haggerty, Mr. and Mrs. John Brady, Mrs. C. Madden, Chas. E. Waters, Wm. A. Russell, Wm. A. Dailey, J. M. Patterson, C. H. Hickman, L. A. Hickey, Felix L. Hanlon, S. B. Rice, Mr. and Mrs. Frank J. Madden, who attended the wedding in this city last night of Mr. Corneilus Haggerty, jr., and Miss India Marshall, were guests at the Hotel Rammel while in this city.

Miss Young, of Norfolk, who has been visiting the Misses Gatewood, leaves for her home this evening, much to the regret of her numerous Alexandria friends.

King Roughbeard.

The cast of this opera, which is to be given in the opera house tomorrow night, for the benefit of the Alexandria Free Kindergarten, is as follows: King of Amora, called Roughbeard, Miss Florence A. Long; Patricia, Miss Katharine C. Waller; King of Fustia, Christiana Kemper; Queen of Fustia, Miss Emma V. Carter; King of Pomposa, Miss Cleone F. Riley; King of Rustia, Mr. Edward J. Howell; Minister of State, Miss Madaline Byrne; Patricia's ladies, Misses Frances E. Smoot, Lucy M. Anderson and Lillian V. Grillbortzer; three market women, Misses Marie E. Stoutenburgh, Leslie T. Henshaw and Coralie Greenaway.

Preparing for the New Slip.

The Norfolk and Washington Steamboat Company has a piledriver at work in the old Washington and Alexandria ferry slip removing the piles preparatoy to the construction of berths for the new steamers which are to be secured for the ferry route. Arrangements are also in progress for a new and modern waiting room and freight house at the foot of King street.

It is said that the old steamer Columbia, the upper works of which were burned about two years ago, will be sold. The boat will doubtless be broken up.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

George Shirley, colored, arrested by Officers Mayhugh and Patterson charged with disorderly conduct, was fined $2.50.

A white man, arrested by Officer Allen charged with abusive language, was dismissed.

Robert Jackson, arrested by the same officer charged with obstructing a sidewalk, was dismissed.

Willis Petty, charged with cutting Herbert Hansborough, was fined $20.

Charged with Robbery

As was stated in the Gazette, C. B. Leary's store at Cherry Hill, Prince William county, was robbed Saturday night of a quantity of clothing, shoes, tobacco, &c. The Prince William county authorities subsequently arrested Charles Jones, colored, on suspicion of being connected with the robbery. The case against the darkey is said to be positive, and he later confessed and implicated James Griffin, jr., of this city. Officers of Prince William county yesterday arrested Griffin and took him to Manassas. The latter had visited Washington since the robbery, but returned to Cherry Hill yesterday.

Registration.

Under the law the registration books were kept open all day yesterday by the registrars in the several wards. Since the last regular registration day the number added to the books, including those of yesterday, is as follows: First ward, 45; Second ward, 44; Third ward, 48; Fourth ward, 40. Voters by applying to the registrars can register at any time up to 30 days before the general election and the books will be opened at the various voting places for one day, thirty days before that election.

Turtle Soup.

Mr. C. H. Zimmerman served turtle soup again today at his restaurant in Market alley. He is still furnishing fried oysters. Both the soup and oysters are prepared in the most tempting manner, as can be attested by the attaches of this office to whom dishes were sent and greatly enjoyed.

Fined Twenty Dollars.

Willis Petty, who was charged with cutting Herbert Hansborough with a razor last Monday, and whose case was postponed yesterday, was again brought into the Police Court this morning. The accused was fined $20.

A Pleasing Performance

The amateur minstrel entertainment given at the Opera House last night under the auspices of the Relief and Reliance fire companies was a decided success and thoroughly enjoyable. Each number of the first part was excellently rendered, especially the solos of Messrs. Wm. E. Mills, J. Harris Franklin, Richard Wirt and William Thornton, the catchy song being "N-e-v-e-r." A large number of good things were rendered in the second part, those especially interesting being the illustrated songs of Mr. Tom Moore, who sang for the first time his latest composition, "Love, I Dream of You," and also one on Nan Patterson; the banjoists, McCauley and Mullen; "The Rehearsal," a one-act comedy, and the Firemen's March, in which Mr. Kenneth Ogden was the soloist. A distinct hit was made by Messrs. Fleischmann and Jacobson in their "sidewalk conversation." The entire show was pleasing, the singing being exceptionally good. The entertainment will be repeated tonight. Electric fans have been placed in the Opera House, and the atmosphere will be kept cooler.

Baseball.

The Alexandria Athletic Association Baseball team has selected as its manager Mr. J. Fred Birrell, who so successfully managed the football team last fall. The team is composed of Kraft, catcher; Hayden Purcell and Davis, pitchers; Bright, Brenner, Dunlap, Benzette, and Wheatley in field; Ennis, Bright, Patterson and Gray, out-field. The team this year looks forward to a very successful season. It intends meeting the best teams from the surrounding country and the District of Columbia. On next Thursday Mrs Ophela Hart will present her opera club in the "Gondoliers" for the benefit of the team at the Opera House.

Property Sales.

W. F. Douglas has sold to Ada N. Penn a house and lot on the south side of Duke street, between Columbus and Alfred.

W. E. Hinken has sold to W. H. Taylor a house and lot on the north side of Queen street, between Patrick and Henry.

LOCAL BREVITIES.

The charter of the Harris and Shafer Company has been amended, reducing the capital stock of the company from $150,000 to $100,000.

One of the workmen employed in constructing the iron railroad bridge over King street extended, had one of his fingers mashed off Monday.

The funeral of the late Malachi Thompson took place this afternoon. The remains reached here from Herndon at 1 o'clock. The services were conducted by Rev. Mr. Ewell.

The committees on streets and general laws of the City Council will meet in the Council chamber tonight to consider the matter of obstructing sidewalks. Those interested for or against will be given a hearing.

The West End public school will have an entertainment and festival for the benefit of the public school library at Meem Hall, West End, Thursday and Friday evenings, May 18 and 19, at 8 o'clock.

All arrangements for the shirt waist dance to be given by the Thursday Night Assembly tomorrow night at McBurney's Hall have been completed and those who attend will experience a pleasant evening. The committee is composed of Messrs. Harry Daschlager, Henry Steiner and Jerome Kaufmann,

Allen W. Mallery and Thomas M. Mohler, representing the citizens of Prince George's county, Md., living in the vicinity of Kenilworth and Tuxedo, went to Marlboro yesterday for the purpose of taking further action in the matter of getting rid of a poolroom at Kenilworth. They were disappointed in not being able to see Judge Merrick for the purpose of having him reconvene the grand jury, as the judge had been called to attend court at La Plata.

Secretary Morton.

New York, May 17.—Paul Morton, secretary of the navy, who expects to retire shortly, is in New York today, planning and arranging for the future. The report that Mr. Morton would become President of the Wabash Railroad Company is given no credence in Wall street. In fact it is stated and generally believed that he will become associated with a prominent New York banking house. Financial men expect definite announcement on this line within the next twenty-four hours, and would not be surprised to hear that the banking house in question is that of Redmond & Company.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes. "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by Gibson & Timberman and W. F. Why We Recommend Orrine To Cure Drunkenness.

In taking the agency for Orrine the liquor habit cure, we thoroughly satisfied ourselves that it was an article of genuine merit, and that the company, which is located in Washington, D. C., deals squarely and lives up strictly to the guarantee. "If the cure is not made the money will be refunded."

Since selling Orrine numerous cases have come to our knowledge that have been cured of the horrible liquor habit by this meritorious article, which strengthens the nervous system and destroys the craving for whisky, beer, or other alcoholic stimulants. Orrine is prepared in two forms. No. 1 should be given to cure the patient without his knowledge It can be put into coffee or food as it is tasteless, colorless and odorless.

We think that when the excessive drinker is approached properly he will be willing to be cured. If he consents, purchase Orrine No. 2, which is put up in pill form. Either form sells at $1.00 per package. Step into our store and receive full information regarding Orrine, the remedy that really cures the liquor habit If you will write to the Orrine Company, Inc., Washington, D. C., they will send you free a book on "Drunkenness," in a plain paper wrapper.

We have great confidence that Orrine cures the drink habit. Sold by E. S. Leadbeater & Sons, druggists, Alexandria, Va.

AN ORDINANCE to provide for the grading, paving and curbing of Royal street from the north crossing of King street to the south crossing of Cameron street under certain conditions.

Section 1. Be it ordained by the City Council of Alexandria, Virginia, that the Committee on Streets is hereby authorized and directed to have Royal street, from the north crossing of King street to the south crossing of Cameron street, with the exception as described in section 5 of this ordinance, graded and paved from curb to curb, and to have said street, as above described, curbed in a good and substantial manner, under the supervision of the City Engineer, using for the paving vitrified brick on a six (6) inch concrete base and for the curbing a six (6) inch granite curb, set in concrete.

And the said Committee on Streets shall advertise for ten (10) days in some newspaper published in the city of Alexandria, Va., and in any other newspapers or publications should they deem it necessary, for proposals for materials, and they shall do said grading, paving and curbing by day labor, or, if in their opinion the best interests of the City Council will be subserved thereby, by contract under bond, after advertisement, as hereinbefore provided, for materials.

Section 2. Be it further ordained that the said Committee on Streets shall not begin said work or purchase any material or let any contract pertaining to said work until an amount equivalent to two dollars and eighty-five cents ($2.85) per front foot for three-fourths (¾) of the linear feet of property on the said square has been voluntarily deposited with the City Treasurer for defraying a portion of the expense of said grading, paving and curbing.

Said deposits may be in cash or may be part cash and the balance in notes, as may be agreed upon by a majority of the Finance Committee of the City Council of Alexandria, the payment of said notes to be secured in a manner satisfactory to a majority of said committee.

Section 3. Be it further ordained that where property owners on said square have already set curb without cost to the City Council of Alexandria, which, in the judgment of the Committee on Streets and the City Engineer is acceptable for this work, that such property owners shall deposit before the commencement of said grading and paving in cash or in notes, as above set forth, the sum of two dollars and thirty-seven and one-half cents ($2 37½) per front foot, for said grading and paving, less a rebate of one-half (½) the value of curb, as set.

Section 4. Be it further ordained that where property owners on said square have set curb without cost to the City Council of Alexandria, which curb, in the judgment of the Committee on Streets and the City Engineer, is acceptable for this work, if reset in concrete said property owners shall deposit before the commencement of said grading and paving in cash or in notes as above set forth two dollars and thirty-seven and one-half cents ($2.37½) per front foot for said grading and paving and for the resetting of said curb, plus one-half (½) the cost of setting said curb in concrete, and they will be allowed a rebate of one-half (½) the value of the unset curb.

The estimates of value, rebate, etc., are to be made by the Committee on Streets and the City Engineer in each individual case.

Section 5. Be it further ordained that no curb shall be set or reset and that no grading or paving shall be done within ten (10) feet, three (3) inches of the curb line in front of any property for which the proportionate expense hereinbefore mentioned shall not be deposited with the City Treasurer.

Section 6. Be it further ordained that as said grading, paving and curbing is being done, the Auditor is authorized to draw warrants, from time to time, upon the Treasurer of this city, in an amount not to exceed four thousand, one hundred dollars ($4,100) to pay for said grading, paving and curbing, and a sufficient amount of money for such purpose, not to exceed four thousand, one hundred dollars ($4,100) is hereby appropriated.

Section 7. This ordinance shall be in force from its passage.

Passed the Common Council April 25, 1905.
HUBERT SNOWDEN, President.

Passed the Board of Aldermen May 9, 1905.

Beware the Easy Shelter!

Years are but a fool's measure for youth, which is divine. They bring caution more often than wisdom and a certain belief in the unreality of joy. A man is quickly disillusioned, which commonly means that he has set up his own idea of what things should be by the side of what things are and sulks forever at the result. He then commits the folly of becoming old and prefers existence to life. He clambers into one or other of the many shelters that line the way, curls up within and smiles pityingly at the young of all ages pressing on to some end, no matter what, alive to the beauty of the sky and the clouds and the birds and the trees, alive even to the beauty to be seen in one another, breathing deeply of the air of strength, living and loving and beloved, until at last they are made one with nature. But the heart, like the liver, grows torpid without exercise; a gradual decay comes to the man in the shelter, a decay from which he is released, much against his will, by death. There are too many shelters.—Hugh de Selincourt.

Anne Boleyn in Spain.

After Henry VIII. divorced Catharine of Aragon, the favorite daughter of Ferdinand and Isabella, and married Anne Boleyn there was intense disgust therein in Spain, and to show their abhorrence they for years carried around annually in procession a huge alligator (la tarasca, which strictly means a serpent), and out of the back of this animal sprang a female figure intended for Anne Boleyn. This figure they called the "Anavolena" ((Anne Boleyn, the "b" and "v" being almost interchangeable in Spanish). The idea, of course, was Protestantism, personified by Anne Boleyn, springing out of the foul beast of the slime. The tarasca is shown to the curious, with the Anavolena complete, in the hall of the Gigantes, which is approached from the gallery round the cloisters of the cathedral, the most interesting one in Spain.—Notes and Queries.

Got the Tea and the Lady.

Disraeli was in love with a widow, Mrs. Wyndham Lewis. One day, when he went to call, the lady, sitting by the window, saw him approaching and ordered the servant to say that she was not at home. When the maid reached the hall the statesman was hanging up his overcoat.

"Mrs. Lewis, sir, is not at home," said the flurried maid.

"I did not ask for Mrs. Lewis," was the calm, statesmanlike reply.

"But I don't know when she will be back," urged the maid.

"Neither do I," philosophically replied Disraeli, "but I am going to wait till she comes back, so please make me a cup of tea."

He did wait, he got his tea, and he married the widow.

Why the Table Knife Was Rounded.

Table knives until the seventeenth century always had sharply pointed blades, a natural survival from the days when a knife was at once a dagger, hunting knife and table knife and fork combined. The rounded end was introduced from France. It happened that Cardinal Richelieu was compelled to entertain at his table Chancellor Seguier, a man of rude manners, who at the close of the meal proceeded to use his knife as a toothpick. This so upset the cardinal that he ordered the end of every knife in his possession to be rounded, and so great was Richelieu's influence that the fashion was adopted all over the country.

Travel In the Old Days.

Before the days of the railroad travelers from Philadelphia to New York went by wagon. The following old advertisement outlines the process: "John Butler, with his wagon, sets out on Mondays from his house at the Sign of the Death of the Fox, in Strawberry alley, and drives the same day to Trenton ferry, where Francis Holman meets him and proceeds on Tuesday to Brunswick, and, the passengers and goods being shifted into the wagon of Isaac Fitzrandolph, he takes them to the New Blazing Star, where Rubin Fitzrandolph, with a boat well suted, will meet them and take them to New York that night."

Hot Weather Piles.

Persons afflicted with Piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make Piles more painful and dangerous. DeWitt's Witch Hazel Salve stops the pain, draws out the soreness and cures. Get the genuine, bearing the name of E. C. DeWitt & Co.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nerve-tissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.

HOSPITALS CROWDED
MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonnade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:—

"About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.
